Why Have a Farmers Market in Troutville?

By Linda Ruggles

The Farmers Market is a wonderful opportunity for local folks to present their talents and skills, and to bring a profit to both the town and their families. When we buy from local farmers and producers, it keeps those dollars in our community. Everyone profits. We get fresh, safe, delicious fruits, vegetables and baked goods from friendly, knowledgeable people that take pride in their products. Best of all, we know where the food comes from AND who produces it. The crafts that are displayed are from our neighbors and friends...people we can trust.

We are presented with many fresh ideas and choices at the market. The Farmers Market will bring our community together, help us make friends of people we otherwise might not have met and bring old friends together again. All the Farmers Market needs to thrive is YOU!

My husband and I have a little shop at our home at 15 Winesap Way, Troutville. We are open Thursday and Friday, 9:00am to 4:00pm, and on Saturday (during the spring and summer) after the Farmers Market, 2:00pm to 4:00pm. I mill whole grains, make flour and bake wholesome breads and other goodies. I also sew and my husband makes wood crafts.
