March 2013

SWEET SUCCESS

A Community working Together...Anything is possible!

The installation of the Designated Appalachian Trail Community road signs is anticipated to take place within the next 30 days! Thanks to a community coming together in The Little Valentine's Café on February 14, 2013, the necessary funds were raised to pay for the sign installation by VDOT. A special ribbon-cutting event is planned following the installation to celebrate these wonderful, visible signs of the revitalization effort going on in the Troutville community.

We especially want to thank the businesses and volunteers who gave incredible support to launch the café event. We also appreciate everyone who came out to the Café to show their support by buying bakery items, flower arrangements, raffle tickets, and lunch! Businesses: Bread Craft Bakery, Cupcake Cottage, Nick of Thyme Bakery and Catering, Tinker Mountain Sweets and Treats, VivaLa Cupcakes, Fresh Market, Kroger, and Thriftway.

Volunteers: Sally Rauscher, Jessica Mowles, Helen Tippie, Johnie Corbett, Francis Cook, Janet Adams, Sherry Kinzie, Len Miller, Thelma Stevens, Jane Wenrich, Bonna Williamson, Homer Witcher, Catherine and Nathan Herlocker and Sybille and Mark Nelson.

The Town Hall was transformed into a beautiful place to begin the celebration of Valentine's Day. The food, treats and flowers were truly special, and everyone enjoyed the day. Wesley Bower of Troutville held the winning raffle ticket for the special Valentine's basket. This event will be held again in February of 2014. Please plan to attend!

FARMERS' MARKETS MERGE AND ANNOUNCE NEW SITE

The Town of Troutville's designated Farmer's Market Manager, Jessica Mowles, has announced that the Troutville market will join together with the Botetourt Family Farms Market. The new **Botetourt Farmers Market** will be held at the Daleville Town Center. Please feel free to reach out to Jessica with your questions and concerns at 540/529-7324 or jessicamowles@yahoo.com. Look for more details in the April issue of the Troutville Tidbits.

We at T4T are certainly saddened to see the Market move away from Troutville; however, please support our Farmer's Market Manager as she is working hard to create a **sustainable** market for our greater community.
